SEMINARS IN THROMBOSIS AND HEMOSTASIS – VOLUME VII

AUTHOR INDEX

Aster RH, 25
Baldwin ST, 15
Bell WR, 149
Bozdech MJ, 33
Bukowski RM, 1
Byrnes JJ, 9
Cato AE, 43
Cocchetto DM, 43
Cook L, 43
Darin J, 25
Gottschall JL, 25
del Greco F, 22
Groppe CW, 1
Hassouna HI, 61
Hewlett JS, 1
Hussey CV, 25
Johnson CA, 33
Levin J, 112, 149
Livingston RB, 1
Myers TJ, 37
Niedel JE, 43
Penner JA, 61
Pisciotta AV, 25
Reimer RR, 1
Rossi EC, 22
Seegers WH, 177
Soff GA, 112, 149
Taft EG, 15
Updike SJ, 33
Weick JK, 1
Zimmerman SW, 33

CUMULATIVE TABLE OF CONTENTS

Number 1
MANAGEMENT OF THROMBOTIC THROMBOCYTOPENIC PURPURA

Therapy of Thrombotic Thrombocytopenic Purpura: An Overview, R.M. Bukowski, J.S. Hewlett, R.R. Reimer, C.W. Groppe, J.K. Weick and R.B. Livingston, 1

Plasma Infusion in the Treatment of Thrombotic Thrombocytopenic Purpura, John J. Byrns, 9

Plasma Exchange Transfusion, Edwin G. Taft and Steven T. Baldwin, 15

The Adaptation of Hemodialysis to Facilitate Rapid Exchange Transfusion in Patients with Thrombotic Thrombocytopenic Purpura (TTP), Ennio C. Rossi and Francesco del Greco, 22

Thrombotic Thrombocytopenic Purpura: Experience with Whole Blood Exchange Transfusion, Jerome L. Gottschall, Anthony V. Pisciotta, Joseph Darin, Clara V. Hussey and Richard H. Aster, 25

Management of Fulminating Thrombotic Thrombocytopenic Purpura, Stuart J. Updike, Marek J. Bozdech, Curtis A. Johnson and Stephen W. Zimmerman, 33

Treatment of Thrombotic Thrombocytopenic Purpura with Combined Exchange Plasmapheresis and Anti-platelet Agents, Thomas J. Myers, 37

Rationale and Proposal for Use of Prostacyclin in Thrombotic Thrombocytopenic Purpura Therapy, David M. Cocchetto, Linda Cook, Allen E. Cato and James E. Niedel, 43

Abstracts of Current Literature, 52

Correspondence, 58

Number 2
ANTIBODY TECHNICS AND BLOOD COAGULATION, FAMILIAL MULTIPLE COAGULATION FACTOR DEFICIENCIES

Antibody Technics and Blood Coagulation, Houria I. Hassouna and John A. Penner, 61

Familial Multiple Coagulation Factor Deficiencies; I. Review of the Literature: Differentiation of Single Hereditary Disorders Associated with Multiple Factor Deficiencies from Coincidental Concurrence of Single Factor Deficiency States, Gerald A. Soff and Jack Levin, 112

Familial Multiple Coagulation Factor Deficiencies: II. Combined Factor XIII, IX and XI Deficiency and Combined Factor IX and XI Deficiency: Two Previously Uncharacterized Familial Multiple Factor Deficiency Syndromes, Gerald A. Soff, Jack Levin and William R. Bell, 149

Abstracts of Current Literature, 170

Numbers 3-4
A PERSONAL PERSPECTIVE ON HEMOSTASIS AND THROMBOSIS (1937-1981)
Walter H. Seegers

I. Preface, 178
II. Basic Principles of Blood Coagulation, 180
III. Purification of Prothrombin and Thrombin, 199
IV. Activation of Prothrombin and Factor X in 25% Sodium Citrate Solution, 213
V. Amino Acid Sequence of Bovine and Human Prothrombin, 221
VI. Factor X (Autoprothrombin III), 233
VII. Ac-Globulin (Factor V), 246
VIII. Protein C and Autoprothrombin II-A, 257
IX. Antithrombin III, 263
X. Platelets, Phospholipids and Platelet Cofactors, 270
XI. Fibrinogen, 281
XII. From Profibrinolysin to Plasminogen, 283
XIII. Experiments in Immunology, 286
XIV. Prothrombinase Complex, 291
XV. Discovery Process by Experimental Enterprise, 303

Abstracts of Current Literature, 308
